

## THE *Elliott* UTILISTAND

shown on the other side is for *stand-up* Addressing Machine operation

This lower Utilistand is made without filing drawers for *sit-down* Addressing Machine operation.

*Elliott*

Combination steel desk for  
typewriter, and Elliott stencil  
softener, with cover

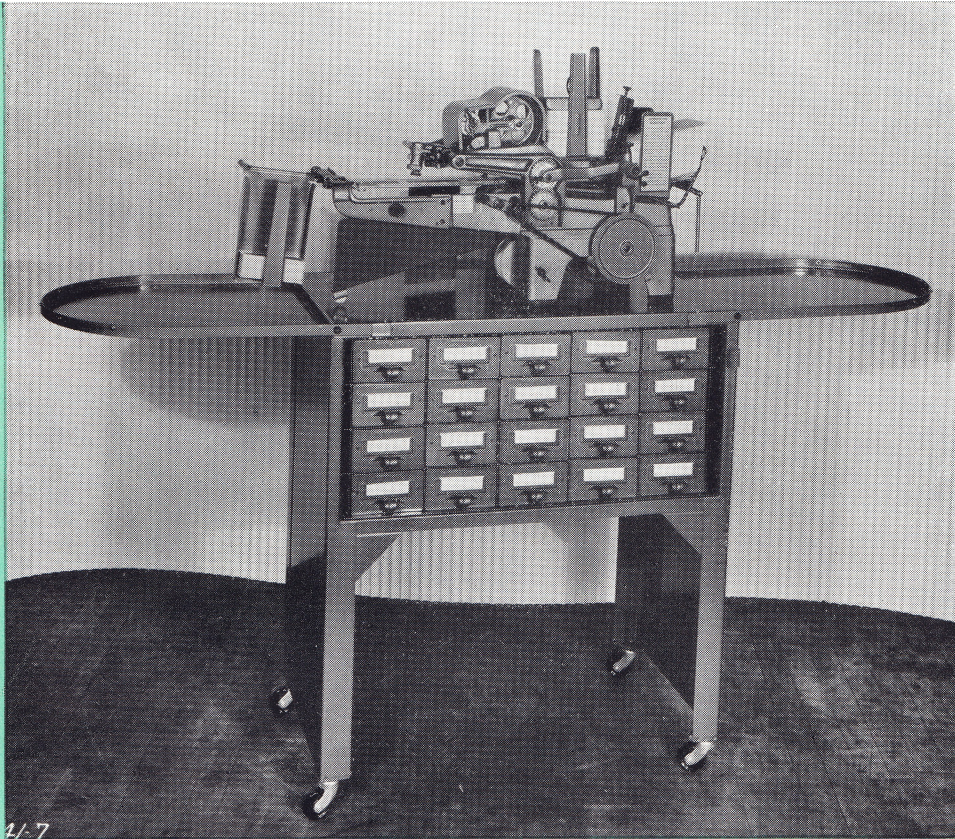

And here is the same sit-down Elliott Utilistand as it is used by the typist when stenciling addresses into Elliott Address Cards.

NOTE it holds both the Typewriter and Stencil Moistener

# *Elliott* UTILISTAND

COMBINATION CABINET, OPERATING TABLE AND COVER FOR ALL ELLIOTT  
HAND-OPERATED MACHINES

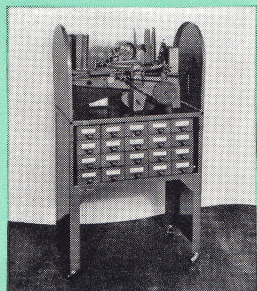

The sides drop down and make a roomy and convenient operation table.  
Height to top of table, 30 3/4"; width of table with sides down, 66".

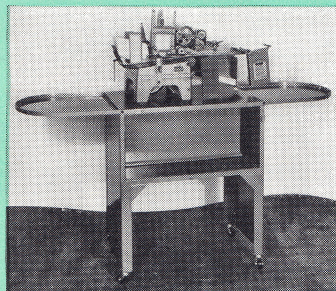

Closed. Fabric cover snaps on with dot fasteners, 49 1/4" high; 29" wide; 17" deep.

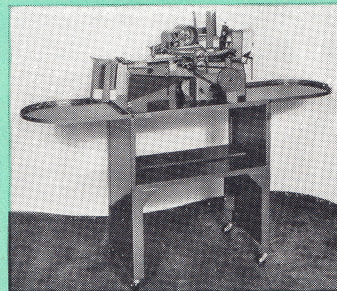

All-steel construction. Finished in gray Hammer-  
loid enamel. Will accommodate five banks of  
Elliott Address Stencil filing drawers, making a  
total stencil capacity of 5,000 addresses.

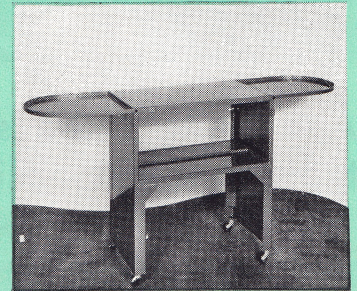

Cover removed. Note how neatly and compactly hand-operated machine fits in space.

Space in back is provided for additional four-drawer cabinets or for storing envelopes, post-cards, tools, ink, stencil blanks, etc.

If stencil filing drawers are not desired, the entire space underneath the table may be used for storage.

Here is the table alone without machine or filing cabinets.
